

## Social Contract Pledge

Our promise to you:

We take the health and wellbeing of all people seriously and will act responsibly inside and outside of school. In our daily lives we will be continuing to social distance and will be avoiding crowded areas. If any member of our staff is experiencing any symptoms of illness, we will not enter the school building. We will constantly be monitoring the progression of the situation in our area in order to make the best and safest choices possible for our families and yours. We will be staying up to date with new technologies developed to enhance the safety of all Elevate Learning Project programs.

Your promise to us:

You will abide by the Elevate Learning Project core values of respect for ourselves, each other, and our environment. You will continue to make responsible choices to protect your family and ours both inside and outside of school. You will always keep kindness and understanding at the forefront of all interactions with each other and the community. You will understand that any student exhibiting any signs of illness will not be allowed to enter the building.
